

REMARKS

By this amendment, claim 30 has been canceled without prejudice or disclaimer because a cowpea chlorotic mottle virus coat protein is not a non-plant virion coat protein. Also, claim 26 has been amended to correct the spelling of "eukaryotic" and "virions" and to eliminate the term "Protozoan" because the term is redundant. Also, claim 38 has been amended to correct the spelling of "glyco protein." It is respectfully requested that this amendment be entered.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made.
